

Karsai Nei Tsang Genital Therapeutic Cleansing Massage - Master Chia

New Development in Chi Nei Tsang

Universal Tao System is pleased to announce a new development in the organ massage practice of Chi Nei Tsang. **Karsai Nei Tsang**, also known as **Genital Health Massage**, has been developed specifically for improving the health of the genitals and the genital area. This special massage is now available for individual appointments at the Tao Garden Spa.

Genital Health

Our sexual organs play a major role in our physical and emotional health. Because every part of the body is connected, tensions in one area have an affect on the rest of the body. This is also true for the genitals. When the genitals suffer from blockages, the Jing Chi (Sexual Chi) is not free to circulate through the body. The body is then deprived of this powerful healing energy.

Benefits of Karsai Nei Tsang

We have neglected our sexual organs for far too long, our genitals need attention and expert care just like the rest of our organs. Karsai Nei Tsang provides this care. The Karsai Nei Tsang practitioner uses deep, direct pressure with small circular massage movements to break up and dissolve the sedimentation in the circulatory system, release the toxicity and remove the physical and emotional blockages in the pelvic area. Genital Health Massage addresses the common problems associated with our sexual organs; impotency, frequent and difficult urination, painful menstruation, painful intercourse and low sexual libido. It is also effective in alleviating back pain, improving the body's alignment, strengthening the pelvic floor muscles and increasing general vitality.

Upcoming Retreat at Tao Garden and New Book

A one-week Karsai Nei Tsang Retreat is being offered this summer; August 31st to September 6th 2003 trained Chi Nei Tsang practitioners. A book on Karsai Nei Tsang is currently under preparation and will be available for the Summer Retreat Course.
